The State of Queensland comprises the north-eastern portion of the Continent of Australia—its northern extremity on the mainland is Cape York, and its southern (on the coast) Point Danger. The one hundred and thirty-eighth degree of longitude is its boundary on the west.

The Area of the State is 668,497 square miles, and its seaboard extends 2,250 miles.

The State is divided into sixty-one Electorates, fifty Districts each returning one member, and eleven Districts each returning two members. It has eight Cities, twenty-seven Municipal Towns, and upwards of two hundred small Towns or Townships. There are also Shire Councils charged with the construction and maintenance of public highways and other necessary public works within their boundaries.

From the returns of the Census of 1901, it appears that, out of the entire population, 330,144 were Australasian born (of whom 289,531 were born in the State, including 5,137 civilised aborigines); 68,589 were born in England and Wales, 37,636 in Ireland, 19,934 in Scotland, and 13,163 in Germany.

There were only 4,625 persons returned as suffering from sickness and accident, being at the rate of 9·19 in every 1,000 persons.

The following are the rates of increase during the intervals between each Census:—

† Since 1866, increasing areas of land have been alienated by private sale or selection. The aggregate area and amount received for land alienated in fee-simple to the end of 1883 was 6,911,577 acres; £4,518,224.

‡ Live Stock Borderwise included for the first time.

¶ From 1883 number and tonnage of vessels calling at more than one port in Queensland during same voyage only counted once.

†† The total yield of gold to end of 1877 has been estimated by the Mines Department at 2,646,916 oz., which is 999,905 oz. more than the quantity shown as sent by escort during the same period: the amount sent by escort was always known to be short of the actual production, and the discrepancy increased as railways to the interior were completed, but prior to 1878 there were no other means of forming an estimate.

2 Edw. VII., No. 10. (1 Dec., 1902.) 4 Edw. VII., No. 9., (1 Dec., 1904.)

The Commissioner shall give notice to the defendant of the amount so ascertained, and if the defendant within fourteen days from the giving of such notice gives the Commissioner notice of objection to such amount he shall be entitled to have such objection heard and determined by the Court of Review.

76. (1.) Any person who obstructs or attempts to obstruct any officer acting in the discharge of his duty under this Act, or refuses or neglects to answer any question put by any such officer relating to any income belonging to such person, or as to any deductions claimed or allowed in respect of such income or any part thereof, or gives any false or evasive answer, or in any manner whatsoever fails to comply with any of the provisions of this Act for which no penalty is expressly provided, shall be liable to a penalty not exceeding fifty pounds.

COAL MINING.

Specification of Taxes, Duties, &c.	Annual rent for license, per acre. £ s. d.
Any person who is desirous of prospecting Crown lands for coal may make application in the prescribed form to the proper Warden for a license to occupy any Crown lands described in the application, and not being of greater area than six hundred and forty acres, for the purpose of searching for coal thereon	0 0 6

The license may be renewed by the Minister for another year upon payment of a like sum of sixpence per acre of the land comprised therein, and upon proof to the satisfaction of the Minister that the licensee has during the period of the license used reasonable endeavours to search for coal upon the land, and has not used the land for any purpose not hereby authorised.

If during the period of the license or the renewed license the licensee desires so to do he may apply for a lease of any part of the land comprised in the license not exceeding three hundred and twenty acres in extent, and his application shall have precedence over the application of any other person for the same land.

The yearly rent of land leased for the purpose of mining for coal shall, instead of being at the rate of ten shillings per acre, be at the rate of sixpence per acre, and there shall also be reserved in the lease a royalty at the rate of threepence for every ton of coal raised from the land during the first ten years of the term of the lease, and at the rate of sixpence for every ton raised during the remainder of the term.

The times and mode of ascertaining the amount of any royalty so payable and the time for payment thereof shall be prescribed by the lease.

If land leased for the purpose of mining for coal is used for the purpose of mining for any other mineral, rent shall become payable in respect thereof at the rate of ten shillings per acre in addition to the royalty, if any, payable in respect of coal raised therefrom.

SPECIAL PRIVILEGE TO DISCOVERER OF NEW COAL FIELD, OR COAL AT GREAT DEPTHS.

When a licensee under the provisions of this Act—

(1) Discovers payable coal at a distance of not less than fifteen miles from any payable coal previously discovered, or,

(2) Discovers a payable seam of coal at a depth of not less than six hundred feet from the surface, he shall be entitled to a lease of six hundred and forty acres of land, instead of three hundred and twenty acres as hereinbefore provided, and the royalty payable in respect of coal raised by the lessee shall in the first-mentioned case as to all coal, and in the second-mentioned case as to all coal raised from a depth of six hundred feet and upwards, be at the rate of one penny for every ton, instead of threepence as hereinbefore provided.

NOTE.—The amount actually realised bears but a small proportion to the amount sought to be recovered; but it must be borne in mind that in many cases the defendant, on a levy being made, becomes insolvent, and any property seized passes to the Official Trustee for the benefit of the Creditors, and consequently no sale by the Sheriff takes place. Many also of these writs of *fieri facias* were for large amounts, the suitors holding mortgages over and being in possession of the property seized, and were merely lodged for the purpose of obtaining the Sheriff's title for the conveyance of the interest, the purchase money being nominal.
